STATE OF IOWA, CERTIFICATE OF NURSERY INSPECTION

This is to certify that the Growing Nursery Stock and Premises of the MOUNT ARBOR NURSERIES, E. S. WELCH, PROPR., situated in Shenandoah, county of Page, state of Iowa, have been inspected according to the provisions of chapter 53 of the acts of the Twenty-seventh General Assembly, and that no indications have been found of the presence of the San Jose scale or other dangerous insect or plant disease. This certificate is invalid after June 1, 1903.

Certificate No. 23.

H. E. SUMMERS, State Entomologist.

Dated August 1, 1902. Ames, Iowa.

FALL OF 1902.

ESTABLISHED 1875

WHOLESALE TRADE-LIST
OF THE

MT. ARBOR NURSERIES
SHENANDOAH, IOWA.

E. S. WELCH, Proprietor.

We Offer One of the Largest and Most Complete Lines of General Nursery Stock West of the Mississippi.

TO CUSTOMERS.

In presenting our Fall Trade List, I wish to thank our many patrons for the liberal patronage extended us in the past, and assure you all future orders entrusted to us will have the same careful attention as heretofore.

With our Large Packing Houses and Side Track our facilities for handling stock with promptness and dispatch are not excelled. We have the exposure of stock reduced to the minimum. After digging, all stock is immediately sent to our packing houses where it is graded, packed and handled under cover. Particular care is taken to handle and pack stock so that it will reach customers in prime condition.

To those not acquainted with our establishment, this is the twenty-seventh year of our nursery and the eleventh year under the present management, during which time the business has been more than trebled. We have this year added 140 acres to our already large plant and also purchased the plant of Welch Bros.

The season for the growth of stock has been exceptionally favorable and our stock will grade, if any difference, better than usual.

Everything offered is young, vigorous, well-grown stock and will be graded to the highest standard.

Send us your list of wants for prices.

LOCATION AND SHIPPING FACILITIES.

We are located in southwest Iowa, fifty miles from Omaha, on well drained upland and have a fertile soil that cannot be surpassed in the United States. Three railroads (C. B. & Q., Wabash, and K. & W.) afford competition in freight rates and a rapid and convenient shipping outlet in every direction. Two express companies (Adams and Pacific) also give excellent service.

With our superior facilities, perfect equipment and admirable location for growing stock, combined with our experience, we certainly are prepared to give our customers the best possible service.

TERMS AND CONDITIONS.

Shipping—Please give shipping directions, whether by freight or express; also route. If no directions are given we will forward to the best of our judgment, without assuming responsibility, as all goods travel at purchaser's risk and expense. All freight shipments released to the value of \$50.0 per cwt. unless otherwise instructed. Our shipping season usually begins about Sept. 25th and continues throughout the winter.

Packing—Prices quoted are net, boxing and baling additional, for which we charge to cover cost. Particular care is taken to pack all stock in a thorough manner so that it will reach destination in prime condition.

Terms—Cash or satisfactory security, except we extend the usual terms of credit to known, responsible nurserymen. Orders to be sent C. O. D. should be accompanied by one-fourth cash to receive prompt attention.

Rates—Fifty trees, of not less than ten of a variety, will be furnished at hundred rates; three hundred trees of not less than ten of a variety at thousand rates. Long lists of varieties of a few trees of a kind subject to higher prices. All trees above the 3 to 4 foot grades are tied in bundles of ten in grading. Order tens and multiples of ten of a variety as far as possible.

This list abrogates all previous quotations.

Caution—We accept all orders on the condition that they shall be void should injury befall our stock from frost, hail, fire or other causes over which we have no control.

Grades—We grade carefully, in some cases by caliper, in others by height. When graded by both caliper and height the caliper must govern.

Dealers wishing to pack on our grounds will find our facilities first-class and their orders will receive prompt attention.

Claims—All claims for errors and deductions must be made within ten days after receipt of goods.

Guarantee of Genuineness—While we exercise the utmost diligence and care to have our varieties true to name, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove otherwise, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that we shall in no case be liable for any sum greater than the amount originally received for said trees, etc., that prove untrue.

For convenience in telegraphing a code word is given for each grade.

Correspondence and inspection invited.

MOUNT ARBOR NURSERIES,

SHENANDOAH, IOWA.

E. S. WELCH, Proprietor.

FRUIT DEPARTMENT.

APPLES.

We have one of the largest and finest blocks of Apple on the market. They have made a magnificent growth and cannot fail to please.

ROOT GRAFTS.

We make a specialty of this branch of the business during the winter season and are especially well equipped for handling it. With our improved methods of packing we are able to make shipments with perfect safety at any time during the winter and spring to all parts of the United States and Canada.

We are growing a large stock of Seedlings and Scions, which promise to be of excellent quality, and are prepared to furnish Grafts of the best quality at favorable prices.

Any Style of Graft Made to Order—In Apple and Crab Grafts we prefer the Piece Root Graft with a 6-inch Scion and three and one-half inch Root, planting largely of these ourselves.

All Grafts are carefully assorted and only the best of material used in orders, so that customers can depend on getting a first-class article. Orders should be placed early to secure the best selection of varieties and to give the Grafts ample time to callous before shipment. After our Grafts are made they are tied in bundles of 100, each bunch carefully labeled and packed away to callous.

We recommend fall plowing, and planting as early in the spring as the season will permit.

APPLE and CRAB Grafts, No. 1, piece root.....	} Write for Prices Stating Quantity Desired

ORNAMENTAL DEPARTMENT.

DECIDUOUS TREES.

Our Shade and Ornamental Trees are first-class, well-shaped, young and vigorous nursery-grown trees, with good roots. They have been grown from seedlings transplanted in nursery row especially for this purpose and are not to be compared with trees dug from the forest. These trees will certainly please.

The Box Elder and Elm are an exceptionally fine lot of smooth, young trees.
